Subject: Re: Freedom Convoy Fund Team

Freedom 2012 Human Rights and Freedoms is incorporated and TD bank is opening a bank account. I need Tamara's address to put her on the account as an authorized signatory. Then she can transfer the money from her personal account and the funds can be paid from the non-profit.

Directors need to be chosen. Directors vote on important decisions but don't traditionally do the day to day actual work and run it. The person that runs a non-profit is called the Executive Director. The directors vote to hire the Executive Director and pay them to do all the stuff that needs to get done. The Executive Director hires other employees as needed.

I honestly think this traditional non-profit set up is required. There's close to \$10 million in a GoFundMe account. It took over a year for the Bronco's to get their GoFundMe funds. We should learn from that and get organized. I really want this to succeed.

So when are we meeting today?

Good morning everyone. I haven't had a chance to sit down and go through these emails yet but I will make time today. I am including Chris Barber in our thread as he should have a say in this also. Perhaps we can set to another call and include him in it also.

Have a great day.

Sincerely,

Tamara
